

**LGC Roofing - residential and commercial NJ roofing contractor**

Description:

We are family owned and operated roofing contractor, based in Lawrenceville, NJ. We have been serving New Jersey for over 20 years. As a roofing company we take pride in what we do.

Our company installs standing seam metal roof systems. Standing seam roof is available in sixteen different colors. Metal panels are fabricated on job site to fit unique measures for every roof. Our metal roofs come with 35 years material warranty. We are the best NJ roofing contractor for both residential and commercial projects. We are not just another roofing contractor - we are passionate about the work we do! Customer satisfaction is our number one priority. Our motto is excellent service at competitive price. We are fully insured and licensed to do roofing and siding work in New Jersey. We are certified to install variety of roof systems from shingle to slate from pitched to flat roofs. Our work is always guaranteed!
